

HIGH COURT TO PASS ON LABOR SECTION OF NRA

DECISION MAY BE ANNOUNCED IN SIX WEEKS

Administration Will Push Extension Of Act In Congress

By Nathan Robertson
Associated Press Staff Writer
Washington, April 15.—(AP)—Agreement by the Supreme Court to decide the constitutionality of NRA's vital provisions in the next six weeks, drew prompt demands today from senatorial critics of the Blue Eagle for congress to withhold extension of the recovery law until the court has acted.

Administration leaders, however, said the bill to extend and revise the NRA would be pushed ahead. They insisted it should be placed on the statute books before June 15, when the present act expires.

The high court agreed to review the Schechter poultry case, which the government has characterized as an ideal test of the law. It involves a fundamental issue in NRA—the authority to regulate minimum wages and maximum hours. May 2 was set for the hearing of arguments on the case based on lower court rulings concerning the Schechter poultry corporation of Brooklyn.

Demands for congress to hold up enactment of new NRA legislation until after the Supreme Court has ruled came from Senators Hastings (R-Del) and Clark (D-Mo), who sought unsuccessfully last month to have the administration hold its previous test case, involving an Alabama lumber company, before the high court. The government, however, withdrew its appeal from an adverse decision of a lower court.

Clark, hard fighting critics of the recovery law, said if the NRA bill came up in the senate before the court acted, he would move to extend the present law for six months so that congress would have time to deliberate on the new law after the high court's ruling.

Chairman Harrison of the senate finance committee, which is considering the new legislative proposals, said the court's action would not alter his course.

Harrison said his committee would complete its hearings this week and go into executive session immediately to begin framing the new legislation.

JOSEPH DIMMITT OF GRIGGSVILLE TAKEN BY DEATH

Griggsville, Ill., April 15.—Joseph Dimmitt, who has been ill for the last six months, died at the home of his daughter, Mrs. Ward Goldman here Monday at 1:30 p. m.

He was eight-one years old last November. He is survived by two daughters and three sons, Mrs. Ward Goldman of Griggsville, Ill., Mrs. Arthur Stauffer of Quincy, Ill., Fred Dimmitt of Detroit, Ill., and Bert and Charles of Glendale, California and by five grandchildren. Funeral arrangements are incomplete.

JOHN PAULDING DIES
Chicago, April 15.—(AP)—John Paulding, 65, sculptor, died today after two and a half months' illness of encephalitis. He had been in poor health for six months.

Paulding was widely known for his murals and his works were found in many cities in the Middle West. More recently he attracted attention with a three-ton model of the famous painting "The Doctor," which was exhibited at a Century of Progress.

Paulding was born in Ohio and was educated at the Chicago Art Institute and in Europe.

AAA CONCERNED BY DROUGHT IN GREAT PLAINS

Conditions April First "Even Worse" Than Year Ago

By Stephen J. McDonough
Associated Press Staff Writer
Washington, April 15.—(AP)—The AAA's mounting concern over the western great plains drought was intensified today by an official report that on April 1 it was "even worse" than a year ago.

Feed shortages and climbing food prices in the wake of last year's dry spell brought down criticism on the AAA reduction program which has kept the New Deal agency on the defensive much of the time.

The weather report by the bureau of agricultural economics said that in the western tier of states from North Dakota to Texas and the eastern part of Montana, Wyoming, Colorado and New Mexico precipitation since September 1 has been less than 75 per cent of normal, aggravating an already deficient subsoil moisture condition.

This area blankets the principal wheat producing area of the country. The report said that "the cumulative effects of the several years of drought in this area have resulted in such dry conditions that winter wheat prospects are extremely poor." Pasture conditions were reported to be the lowest on record and much spring wheat was still unplanted for lack of rain.

The bureau denied, however, that extensive crop damage had resulted from dust storms, declaring "while these storms have been serious for the areas affected, the loss of crops from this cause from a national standpoint is relatively unimportant."

The report said spring sowing had been delayed for lack of moisture from western Nebraska and eastern Wyoming southward with moisture sufficient in the Dakotas and Montana to germinate seed.

Unless rains fall soon in the southern part of the drought belt, the bureau said, "the usual date of seeding small grains will be past and feed grain supplies next winter will depend largely upon growing conditions for corn and sorghums."

Wiley Post May Retire Faithful Ship, Winnie Mae

Famous Speed Flier Says He Is Tired Trying To Land Without Gear

Lafayette, Ind., April 15.—(AP)—Wiley Post apparently is on the verge of retiring the faithful Winnie Mae from further transcontinental speed records.

While the ship which twice carried the famous Oklahoma flier around the world lay like a wounded bird in the hangar of the Purdue airport awaiting its landing gear, Post, in a hotel here, tersely said:

"I don't think I'll make another attempt at a transcontinental stratospheric flight with my present equipment, and I'm tired of trying to make landings without a landing gear."

Post would not discuss the subject further, still showing keen disappointment over his third successive failure to establish a new cross-country flight record.

A broken supercharger ended his flight in Lafayette, 1,900 miles from Burbank, Cal., where he soared into the sky yesterday morning.

Post, still suffering from a cold, abandoned he does not intend to abandon his speed efforts in the stratosphere. He said he will fly to his home at Bartlesville, Okla., to rest before conferring again with his backers.

Roosevelt Again Named President Republican Club

New York, April 15.—(AP)—Colonel Theodore Roosevelt was nominated today for a second term as president of the National Republican Club, Frederick Atkins, chairman of the nominating committee, said Roosevelt would accept.

The annual elections were called for tomorrow night, when new officers will be installed and the annual meeting held.

Other officers placed on the ticket by the nominating committee are William S. Bennett, first vice president; Roger W. Straus, second vice president; David H. Hays, third vice president; Charles E. Heydt, treasurer.

NAME OFFICERS
Quincy, Ill., April 15.—(AP)—Dr. H. H. Hefflin of Kewanee today was re-elected president of the Illinois Tuberculosis Association as it opened its annual convention here.

Dr. Robinson Bosworth of Rockford was elected vice-president to succeed Dr. I. L. Foulton of East St. Louis. All other officers were re-elected.

I. P. L. STRIKE ORDER CALLED OFF BY UNION

Men Are Not Asked To Return To Work However

Springfield, Ill., April 15.—(AP)—Without ordering their men to return to work, officers of the International Brotherhood of Electrical Workers today withdrew a strike order in the Southern Illinois Power and Light Corporation.

Edmund Burke, attorney for the union, said the men did not mean that striking employees were asked to go back to work at Centralia and Mt. Vernon, which have not had gas service for nearly two weeks.

It was taken to comply with a temporary injunction issued a week ago by Circuit Judge Thomas M. Jett at Hillsboro, who restrained the union from interfering with the return to work of the strikers.

It was understood that the Central Illinois territory, where men have walked out without interruption, is at Centralia, Danville and other cities, was not involved in the action.

Burke announced that the order complying with the injunction was issued by Michael Boyle, international vice president of the union, and business representatives A. L. Wegener of East St. Louis and Eugene Scott of West Frankfort.

Centralia, Ill., April 15.—(AP)—Declaring a union order issued today to return to jobs does not necessarily mean workers will return, Centralia and Mt. Vernon citizens took formal steps to pave the way for a permanent strike settlement.

A citizen's committee drafted a resolution urging Mayor A. V. Becker, state industrial commission arbitrator, to go to Champaign immediately and appeal to J. E. Johnson, vice president of the Illinois Power and Light Corporation, to confer with Vice President Michael Boyle of the Electrical Workers' union.

The resolution urged the two meet in an effort to reach a solution of the strike and restore service in affected areas.

Committee Plan to Take Profits Out of War is Attacked by B. M. Baruch

By Preton L. Grover
Washington, April 15.—(AP)—A bitter attack by Bernard M. Baruch on the senate munitions committee plan for taking the profits out of war was placed before members of that group today but failed to move them.

The man chosen by President Wilson to head his war industries board supplemented his recent criticism of the committee plan by submitting a statement to the committee declaring it was intended to "abolish the present economic system in war" and was likely to bring defeat or communism.

His statement was given to Chairman Nye (R. N. D.) but before copies of it were distributed to other committee members, the North Dakotan was taken ill with a cold that kept him from today's session.

But while some of the members had not read Baruch's utterances, they were frank to disagree with his attack on the plan. Advised that Baruch considered the proposal for rigid taxation and industrial control unnecessary, Senator Pope (D. Ida.), a committee member, disagreed flatly by saying:

Washington, April 15.—(AP)—A plea that members of congress be allowed to make what political capital they can out of the \$4,000,000,000 work relief fund today was carried to President Roosevelt.

The unofficial house Democratic steering committee, bearer of the plea, returned to capitol hill, however, without any specific assurances from the president. Several conferees said Mr. Roosevelt "listened sympathetically."

The Democratic effort at the white house was only one of a number of developments as the administration moved guardedly toward getting the big spending machine in motion. Developments included:

The census worked out detailed plans for putting a large number of "white collar" workers to counting the unemployed and determining their qualifications for work.

The federal power commission was reported ready to undertake the working out of plans for specific rural electrification projects when given the word to go from the white house.

The United States employment service was prepared to expand its field organization almost instantaneously to start feeding men and women into jobs that might be supplied.

The Democratic conferees who went to the white house, none of whom would speak for publication, asserted they were proposing nothing off color but only wanted to restore the system that existed before Roosevelt came in and congress started making lump sum appropriations for public works.

Springfield Man Identifies Two Robbery Suspects

Men Were Arrested At Pontiac, Ill., Following Auto Smashup

Pontiac, Ill., April 15.—(AP)—Two men held by police to be former Missouri convicts, wanted in St. Louis for armed robbery, were identified tonight by Anthony Rose of Springfield as the two men who slugged him and robbed the Bridges jewelry store of \$15,000 worth of gems Friday.

In custody were Amiel Barker, 29, alias Raymond Powell, and Raymond Eschebach, 27, alias Ray Hell, both of St. Louis. They were arrested yesterday in a Dwight hospital where they were taken after an automobile crash in which both were severely injured Friday afternoon near Gardiner, Mrs. Vera Powell, 18, of Seattle, was also detained.

The identification was completed by Detective Sergeant Thomas Sullivan of St. Louis and two of his assistants. He told Sheriff Edward Kammermann of Livingston county the pair had been accused of 15 St. Louis robberies. Powell served six years at Jefferson City and Hell five, both for armed robbery, Sullivan said.

It was through Amiel Powell that the two former convicts were taken. Seattle police, who also wired requests for the two, told Chicago police that Mrs. Powell was on her way to Chicago to see her husband. Chicago police detained her, found out about the accident and notified Pontiac authorities.

The sheriff posted men around the hospital at Dwight but Hell managed to escape in spite of injuries, only to be recaptured in a barn by Deputy Milt Beyer. Yesterday they were removed here.

Sheriff Kammermann indicated that they would be taken to Springfield as soon as possible, depending on the condition of the men. The jewels had not yet been found.

POISON GREENS KILLS WOMAN

Pearia, Ill., April 15.—(AP)—Mrs. Lena Swanson, 55, died today and her daughter Alberta, 29, was critically ill of poisoning attributed to greens eaten at dinner yesterday. Mrs. Swanson cooked what she believed to be rhubarb leaves. An examination to ascertain fully the causes of death will be made.

not read Baruch's utterances, they were frank to disagree with his attack on the plan. Advised that Baruch considered the proposal for rigid taxation and industrial control unnecessary, Senator Pope (D. Ida.), a committee member, disagreed flatly by saying:

"I do."

John T. Flynn, economist who drafted the plan approved by the committee, was asked to answer Baruch later. It was indicated his reply would go into the record along with the financier's statement.

Flynn's proposals have won endorsement both of Republican and Democratic members. They planned to write them into the McSwain bill, passed by the house, which contains many of Baruch's proposals for restricting war profits.

9 DOWNSTATE CITIES WILL ELECT TODAY

Indications Are That Heavy Vote Will Be Registered

Chicago, April 15.—(AP)—In the last of the April voting, downstate citizens prepared to go to the polls tomorrow to select municipal officers in a score of cities. Cook county residents of 82 towns and villages also were ready to make their choices.

Among the larger cities, Decatur, Jacksonville, Kewanee, Champaign, Kankakee, Peru, LaSalle, Moline and Rock Island, expected to register a heavy vote. Indications that state and national politics have penetrated into the city elections was given by the pre-election statements of the candidates.

In Kankakee, where a mayor, city clerk, treasurer and police magistrate as well as 14 alderman are to be voted upon, the democratic incumbent, Dode Rex, is opposed by a republican, Roy D. Taylor, on a platform centered around state issues.

Taylor quoted Rex as saying his administration would co-operate with state and national democratic governments, and has campaigned against him on the basis that Dode favors an increased sales tax since Ben W. Alpinier, democratic legislator from Kankakee, voted to increase the levy to 3 per cent.

John A. Bengston and Robert P. Galbraith, respectively democratic and republican candidate for mayor of Rock Island, have both been praised to the voters as "business men" administrators. As an indication of the election interest, the city clerk has received more absentee ballots than ever before.

Decatur, however, expected an uneventful finish to a drab campaign. About 25,000 votes are expected tomorrow, when a mayor and four commissioners will be named. Harry Barber and Fred Ziese oppose each other for the mayoralty.

Local option contests are scheduled in a number of small communities, with some having propositions for municipal ownership of utilities on the ballot.

Galena will pass on a move to spend \$12,000 for new fire-fighting equipment.

Former Detroit Politician At Hunting Lodge

Will Shun "Civilization" Until Dispute With Governor Is Settled

Clare, Mich., April 15.—(AP)—John Gillespie, former millionaire Detroit politician, found today in a backwoods hunting lodge after an 11-day search, said he would shun "civilization" until a dispute with Gov. Frank D. Fitzgerald is settled.

The quarrel with the governor grew out of the executive's assertion that Gillespie was attempting to exert undue influence upon employees of the state liquor control commission.

"I ordered Gillespie thrown out of the Detroit office of the commission," Gov. Fitzgerald said today upon being informed that Gillespie had demanded he either prove or retract his charge; "I did the right thing. I stand by it."

Unshaven and disheveled, Gillespie was discovered by a searching party headed by the 24-year-old son, John P. Gillespie. After Gillespie disappeared a state police officer was stationed at the door of the governor's office.

Gillespie took two pistols and 250 rounds of ammunition with him when he disappeared.

"I wanted to become the expert marksman I was when I was police commissioner of Detroit," Gillespie explained today.

Gillespie said he roamed through the wooded country for days, sleeping in fishermen's shacks, avoiding human contacts until his grizzled beard had grown sufficiently to make recognition difficult.

"I did it for just one reason," he explained. "I wanted to go some where and pull myself together. I had to, to prevent myself doing something hasty."

LOANS INCREASE

Chicago, April 15.—(AP)—The Federal Home Loan Bank of Chicago, serving Illinois and Wisconsin, today reported loans totaling \$1,233,253 to Building and Loan Associations in March, a volume four times that of March, 1934, and the largest monthly volume since last July.

Washington, April 15.—(AP)—The house today approved a conference report on the \$125,000,000 agriculture department bill which in addition to that sum also makes available \$60,000,000 for feed and seed loans. Senate approval will send the bill to the White House.

REARMAMENT BY GERMANY BEFORE LEAGUE COUNCIL

Daughter Of Old Steamboat Pilot Dies In Aurora

Aurora, Ill., April 15.—(AP)—Mrs. Arthurs Premier, 84, whose father, the late Octave Landry, skippered a steamboat which made Aurora legend 50 years ago, died today.

The craft's power failed on its maiden trip in the Fox river and began to drift toward a dam. Thousands who lined the banks heard a member of the crew shout, "Tro de anchor" and a comrade reply, "Ain't got no rope." Still another deckhand thundered for the multitude to hear: "Tro it anyway, may do some good."

The captain beached his boat, but the reprieve was chronicle from coast to coast and became a classic expression of the waterfront.

Funeral services for Mrs. Premier, a resident of Aurora all her life, will be held Wednesday.

SAM INSULL MUST STAND TRIAL AGAIN

Government Decides To Make Effort To Punish Him

Chicago, April 15.—(AP)—The federal government chose today to make one last effort to punish Samuel Insull and his colleagues for an alleged criminal transfer of the assets of corporation securities company with foreknowledge of its collapse.

Acquitted of charges of embezzlement and larceny and a gigantic mail fraud conspiracy, Insull and eight others, including his son Samuel, Jr., must face trial for the alleged removal of \$2,558,120 from the company treasury before they will stand clear.

The state, believing conviction impossible, had dropped its last indictment and it had been thought the federal department of justice would abandon its prosecution, too, for the bankruptcy indictment had been generally regarded as the weaker charge. But Attorney General Cummings at Washington concurred in the recommendation of district Attorney Dwight H. Green that he proceed with trial.

The elderly chief defendant, told of the final hazard ahead, declined to comment.

His attorney, Floyd E. Thompson, expressed surprise that the government decided on another trial, asserting "I don't believe the case has any foundation either in law or in fact," but adding that the defense was ready.

The indictment was returned by the federal grand jury in August, 1933, and was the basis for the second attempt of the United States to extradite Insull from Greece. The first, based on the state charge of embezzlement had been unsuccessful.

Containing five counts, it alleged that Insull and his co-directors of Corporation Securities company declared \$558,120 in dividends virtually on the eve of the filing of a bankruptcy petition against the company, and that more than \$2,000,000 in cash and securities was removed from the treasury to be pledged as collateral for loans from Chicago and New York banks.

Two of the 11 indicted can not be tried. John H. Gulick, a director, is dead. Martin J. Insull, Samuel's brother, has gone back to Europe after being acquitted of the only charges allowed under his extradition writ.

Those to be tried with the two Samuel Insulls are Harold L. Stuart, Philip J. McEnroe, John F. O'Keefe, Edward J. Doyle, Stanley Field, William R. Irwin and C. Wilbur Daniels. The latter two have not been tried in the previous cases.

Federal Judge James H. Wilkerson probably will preside at the trial.

Half the strikers were assembled in the prison chapel in the afternoon. "I told them the best thing they could do would be to go back to work when the times comes in the morning," said Woodward. "Most of them seemed willing to go back."

FILES SUIT

Chicago, April 15.—(AP)—Mrs. Lula Burns today filed suit for separate maintenance against Thomas Burns, Sr., a (Chicago and Eastern Illinois) railroad conductor, charging that he struck her several times. APPROVE REPORT

Washington, April 15.—(AP)—The house today approved a conference report on the \$125,000,000 agriculture department bill which in addition to that sum also makes available \$60,000,000 for feed and seed loans. Senate approval will send the bill to the White House.

FRENCH PROTEST CONSIDERED AT OPENING MEET

Ethiopian Request For Arbitration Is Side-tracked

By Joseph E. Sharkey
Associated Press Foreign Staff.
(Copyright, 1935, by the Associated Press.)

Geneva, April 15.—While the League of Nations Council pondered the French protest on German rearmament a reliable informant here disclosed tonight that the action of England and Italy in reaffirming the Locarno pledge to guarantee peace on the Rhine was made intentionally as a warning to Germany.

This disclosure was made simultaneously with the indication that the action was likely to have important bearing on the deliberations of the council on Germany's treaty violation.

The first day's session of the council produced little in concrete results except a decision to put off Ethiopia's request for immediate arbitration of her dispute with Italy. The council recommended that the two nations do their utmost to conciliate their differences between themselves, despite Ethiopia's claim that direct dealings with Italy had broken down.

The League of Nations building was virtually an armed fortress. Because of the reported arrest at Marseille of two alleged plotters against the lives of prominent statesmen here, police were almost as numerous as at Stresa.

The reported plot was said to have included the slaying of Premier Mussolini at Stresa and outrages upon Foreign Ministers Pierre Laval of France, Nicholas Titulescu of Rumania and Edouard Benes of Czechoslovakia. It was revealed tonight by a reliable informant that an attempt was made on the life of Benes about two years ago in the league building, but the would-be assassin was arrested and the incident hushed up.

(Marseille dispatches said the terrorist scare was caused by the act of a woman in changing her age on a passport, resulting in the expulsion from France of Eda Caroni and Rudolph Gundescher, on charges of carrying false passports.)

Convicts In Ohio Penitentiary In "Passive" Revolt

Prisoners Protest Policies Of State Parole Board

Columbus, O., April 15.—(AP)—A fourth of Ohio penitentiary's 4,240 convicts walked away from their machines in four prison workshops today in "passive" revolt against policies of the state parole board.

There was no violence.

Warden James C. Woodward, three months in office, tapped the institution's "grapevine" communication system tonight in a search for ringleaders of a "strike" for more paroles. Refusing to permit outsiders to interview the convicts Woodward said he was "satisfied there will be no serious trouble."

A thousand working inmates laid down their tools and refused to work in the print shop, cotton mills, woolen mill and automobile license plate shops.

Unsuccessful in efforts to induce the convicts to return to their tasks, Woodward ordered them marched to their cells. "They went quietly and peacefully with no disturbance of any kind," he said.

Half the strikers were assembled in the prison chapel in the afternoon. "I told them the best thing they could do would be to go back to work when the times comes in the morning," said Woodward. "Most of them seemed willing to go back."

Marking The Ballot

Jacksonville voters must today elect an entire set of city officials. Eight members of the city council must be chosen, two from each ward. There are no holdover members, all must stand for election along with the executive officials of the city.

Citizens may vote for any two aldermen they please. In voting a straight ticket, a cross may be made in the circle at the left of the party title, which will count a vote for every candidate on the party ticket.

But if the citizen wants to "scratch" his ticket, he may still mark the circle to indicate party choice and then mark candidates on other tickets, provided however, he is careful to designate any candidate on his own ticket he may want as alderman. Otherwise if he votes for an alderman on some other ticket, the judges will not know which candidate on his own ticket he wishes to elect.

Perhaps The Belt Line

It has been announced that \$800,000 of the new work relief fund authorized recently by Congress is to be spent on elimination of grade crossings and other road improvements throughout the nation. This will mean considerable work in Morgan county, as there are scores of grade crossings, and it may mean some needed road improvements.

The most important of these is the belt line connecting the routes leading into this city and permitting the heavier thru traffic to go around the city and not thru its principal streets. Those interested in road improvement should begin now to seek funds for the belt line. There is no question of the need which is recognized by the state Highway Department. If a belt line were built it would in time save its cost in pavement repair within the city to which the state contributes.

Surveys for the belt line have already been made. It would connect routes 87, 36 and 184 somewhere west of the city. All that is needed is money for its construction, which would not be much in proportion to what the government is ready to spend thruout the country.

The Stress Conference

Lloyd George of England says the Stress conference has failed. The one-time British statesman held enough such conferences in his day that he ought to be a good judge of their results. Most of those he held have come to naught.

The Stress conference has arranged a series of non-aggression pacts which are supposed to settle the European difficulties and guarantee peace. But how long the pacts will last the diplomats who made them cannot tell. Should some question arise where national self-interest is at stake, these pacts might within a few hours become mere "scraps of paper."

Germany is to be invited to join the agreements, but Hitler, who has already told Europe Germany will maintain her right to rearm, will do nothing to endanger the prestige his bold stand has already given his nation.

While Germany may not sign the agreements, she may remain quiet, knowing the pacts form a steel ring around her. She will await some disagreement among the powers that will give her opportunity to regain her

lost territory. Meantime she will continue to perfect her fighting forces and her fleet of airplanes.

The Cost of Laws

Statisticians have been busy concocting new items to worry the taxpayers. They have now figured the cost of making new laws. The 1935 session of the Illinois legislature is not finished but figures on the 1933 session are available. The body passed 492 new laws that cost the state a total of \$966,500, or \$1,928 per law. The average cost of new laws for the entire country is \$689.50 each.

Many citizens will ask whether the new laws are worth what is paid for them. Sometimes they are not enforced, and then they are not only worthless, but represent a dead loss to the taxpayers and a bad example to the citizenry. Those who are so quick to shout, "There ought to be a law," would do well to first count the cost.

Illinois law-making seems to rank among the most expensive. Oklahoma got 82 new laws this year at a cost of \$302 each. Utah got a bargain in legislation this year, \$59,000 for 184 new laws. Maryland holds the record for law cost, 600 new laws that cost the taxpayers \$209,639. Her citizens may get their money's worth, but that will have to be demonstrated.

Paying For Civil War

If you have ever doubted that wars are almost unimaginably expensive, consider this fact; today, seventy full years after the close of the Civil War, the federal government is still paying out \$5,000,000 a month to settle the cost of that conflict.

Seventy years add up to a long, long time. Since the last shot was fired in the war between the states, children have been born, grown to old age and died—and all that while the nation's purse has been steadily and heavily drained to pay the bills. Most of the \$5,000,000 paid out each month goes to veterans and veterans' dependents in the form of pensions. This expenditure grows progressively less each year, of course, and it will vanish entirely before so very long. But it is appalling, even so, to reflect on the length of time war costs can hang on. Our grandfathers fought that war; we're still paying for it.

Edw. Deaton Home On Strawn Farm Is Destroyed by Fire

Dwelling Burns to Ground Monday As Wind Fans Flames; Save Clothing

Fire fanned by the high wind completely destroyed the residence of Edward Deaton northeast of the city Monday morning. The home was located on the Jacob Strawn farm west of Strawn's Crossing.

The loss to the house is covered by insurance, but contents that were not saved were uninsured. The fire originated shortly after 11 o'clock in the roof near the flue. The high wind gave neighbors and members of the family little time to save the household goods. The piano, some bedding and clothing were all that could be salvaged. The house burned to the ground.

It was a six-room modern home, with a concrete basement and a hot-water heating system. The explosion of radiators thruout the house added to the intensity of the fire. The house occupied by Edward Deaton and family was the property of Jacob Strawn.

The house caught fire about a year ago, and a portion of the roof burned. Yesterday morning a call was sent to the local fire department, but when the firemen learned that the roof was already a mass of flames it was decided not to make the run over dirt roads.

Washington.—The AAA is out-Hoovering the old Federal Farm Board in its cotton loan operations.

It has loaded up with 4,270,000 bales on loans at 12 cents a pound, which means \$256,200,000.

Like the Farm Board, AAA has failed to peg prices, and the market price has fallen below the loan value. And everybody is bothered by the heavy decline of cotton exports and a prospective carryover of 9,000,000 bales.

Farmers who can get 12 cents a pound for cotton from the government naturally haven't cared to export it for less.

Friendly observers of AAA fear that the cotton loan program which was no part of the crop adjustment scheme and was forced upon the administration by loud outcry from cotton states, may develop into AAA's first real big disaster.

Growers can and will take the cotton back if the price rises above 12 cents, but right now AAA isn't very hopeful about that.

The man chiefly responsible for the 12-cent loan figure was Oscar Johnston, manager of the cotton pool which took over 1,300,000 bales of Farm Board cotton as well as the new loan cotton.

Johnston, a large cotton grower, was urging a 15-cent rate when Secretary Wallace and other officials sought to keep it down to 10 cents.

Hold Control Weapon

AAA officials have the weapon of compulsory control, which the old Farm Board didn't have, though already this year's program calls for a 35 per cent reduction and waits for and from dispossessed tenant farmers and sharecroppers grow louder every week.

The 5,000,000 bales which it will have on hand by the end of the marketing year in August can't be unloaded commercially without ruining the market, of course. So AAA officials are discussing the possibility of cutting down cotton production in 1935 to almost nothing and giving warehouse receipts for its loan cotton to growers in return for reduction promises.

The plan might involve cotton on which the Commodity Credit Corporation is advancing \$300,000,000. Passage of the proposed AAA amendments, now jammed in Congress, would be necessary for such a plan.

So That's That

Deputy Administrator Merle D. Vincent of NRA, testifying before the Senate Finance Committee (not without sarcasm): "The depression is constitutional. Theremedies for it are unconstitutional."

Dark for Labor

Any strikes in basic industries this spring or summer will result in harsh defeats for organized labor.

This private belief of labor leaders here is one good reason for predicting that there won't be any, notwithstanding the threat of a serious conflict in the rubber industry.

Automobile, steel and textile workers have not been effectively organized by the A. F. of L. and in each of those industries production is now being curtailed—which means the worst possible time for a strike, from the union standpoint.

One of the best-informed national labor leaders here thinks a strike in any of them would merely result in a "slaughter."

A "Break" for the Lamb

Young New Dealers who helped put through the stock market act or are helping administer it through the Securities Exchange Commission are taking a lot of credit for the unhorsing of President Richard Whitney of the New York Stock Exchange and his "gang."

SEC, by demanding a revision of the governing methods and regulations of the exchange, strengthened the commission brokerage houses and encouraged them to revolt against the banking houses, floor brokers, underwriters, and other insiders who had always fed on them through a self-perpetuating oligarchy headed by Whitney, who has now been defeated for the presidency.

For the first time, Wall Street was incited to a fight in its own ranks and the theory here has been that the public, as against the insiders, would begin to get more of a break.

The Whitney group was always supposed to be playing closely with the Morgan firm. Enthusiasts over the change believe the commission houses control will now seek to assure their clientele of an honest market, seeking good will and increased business.

Cynics, however, have their fingers crossed.

Jerseyville, Ill.—Funeral services for Mrs. Lela Virginia Shaw were held at two o'clock Monday afternoon at a Kane, Ill. Rev. Albert Freeman of Jacksonville officiated and interment was in the Kane cemetery.

Mrs. Shaw died Friday evening, April 12th following a long illness. At the time of her decease she was twenty-six years of age.

The deceased is survived by her husband, Everett Shaw, four small children, Georgianna, Louise, Kenneth and Ray Shaw; her parents, Mr. and Mrs. Edward Hardwick; two sisters, Faye and Nellie Hardwick of Kane; three brothers, Clarence, of Alton, Newell, of Jerseyville and Orville of Kane and her paternal grandmother, Mrs. Hardwick of Woody.

Young People's Meeting
The young people of the Jerseyville Baptist congregation were in charge of the evening service at the church Sunday evening, starting at seven thirty o'clock. The Junior choir sang and vocal and instrumental numbers were given by Misses Dorothy Jean Saxby and Beatrice Marsden.

The purpose of the service was to give the young people who attended the Youth's conference at Danville recently a chance to make a report. A general resume of the session was given by Karl Steinkraus and the various other conferences were covered as follows: "Peace and War," Ellsworth Miller; "Oratorical Contest," Eugene Corrine; addresses of Dr. P. L. Thompson, Melvina Beckner; addresses of Charles Wells, Raymond Liles; Relation of Youth to Church, Miss Florence Edwards and Banquet, Eugene Heffner.

Transfer Old Records

During the past week, County Clerk Frank Seago and his deputy, Miss Minnie Hessler have been transferring some of the old records in the vault at the courthouse to the one in the basement to make room for more current files.

During their work, they came upon many old poll books, some of them dating back as far as 1868. The names of the voters on the lists are familiar to many, but the majority of the voters listed then are dead.

Has Burns on Arm

Mrs. Alec Welsh of Jerseyville, suffered painful burns when she spilled a quantity of boiling water over her left forearm. She lifted a teakettle full of the boiling fluid from the stove and in some manner spilled it. A large part of her left forearm was badly scalded and she was taken to the office of a Jerseyville physician for treatment.

To the Editor of The Journal-Courier
Santa Monica, Calif.—Well the papers are all saying today, "The fate of Europe will be decided this week." I have never remembered in my whole long life of ever picking up a paper wherein there wasn't somewhere in it "The fate of Europe is in the balance." It looks to me like Europe hasn't got any fate, they go from one mess to another. It's been cut up, subdivided, resold, and resubdivided, let, and sublet. Europe is just like a bunch of checkers on a checkerboard. One minute the reds are in the king row, the next minute somebody is jumping over 'em.

Judgment Against City is Affirmed

E. R. Nunes Wins When Case is Sent to Appellate Court from Here

The Appellate Court of the Third District handed down an opinion April 12 affirming a judgment of the Morgan county circuit court against the city of Jacksonville and in favor of Ernest R. Nunes. The judgment is for \$500 damages on account of water from a 24-inch storm sewer which it is claimed flowed across the Nunes land in the Car Shop addition.

The Appellate Court found that the circuit court did not err in denying a motion for a new trial, and that the amount of judgment was not excessive, as claimed by the city in its appeal. The damages were fixed by a jury at \$525, but \$25 of this amount was remitted by the plaintiff when the motion for a new trial was overruled.

Leavitt C. Arnold was attorney for Nunes. According to testimony the city completed the storm sewer Sept. 15, 1932. It ends in a catch basin on Hackett avenue, and from there the water flows thru a tile under the Burlington tracks and thence across the Nunes land in an open ditch. Witnesses for Nunes claimed the water which stood on the land and in the ditch rendered four of the lots formerly used as farm land unfit for farming.

8,271 men and women visited the Chesterfield factories during the past year . . .

A man who visited a Chesterfield factory recently, said: "Now that I have seen Chesterfields made, I understand better than ever why people say Chesterfields are milder and have a better taste."

If you too could visit our factories you could see the clean, airy surroundings; the employees in their spotless uniforms, and the modern cigarette making machinery.

You could notice how carefully each Chesterfield cigarette is inspected and see also how Chesterfields are practically untouched by human hands.

Whenever you happen to be in Richmond, Va., Durham, N. C., or San Francisco, California, we invite you to stop at the Liggett & Myers plants and see how Chesterfields are made.

Grace Church Doings

Palm Sunday of the year 1935 should be remembered as an outstanding date in the history of Grace M. E. church. At the morning service a class of new members numbering one hundred and nine was impressively received into the membership of the church. A large group coming on confession, while many were received by transfer. At the close of the service the new members were cordially welcomed by the members of the official board and the officers and teachers of the Sunday school. An unusually large audience was present at this service.

At the evening service Dr. Hayhurst delivered a formal Palm Sunday sermon using as theme, "Today's Answer to the great Question of Palm Sunday."
The Sunday school attendance was the largest of the year, there being 520 present and an offering of \$14.64 was taken. Unusual interest is being shown in the effort to have an attendance of 650 in the Sunday school on Easter Sunday. Most of the departments and classes have set certain goals, which they are striving to reach.

The Young Peoples' Epworth League enjoyed a social hour at 5:30 followed by the devotional period at 6:30. Miss Margaret Smith was the leader of the High School League.
The Second Auxiliary of the Woman's Home Missionary Society will meet Monday evening at the home of Miss Eunice Hopper, 821 Grove street.
The music throughout the day was in keeping with the service. Special music is being planned for all the services next Sunday, by the various musical organizations responsible for the program.

109 New Members Are Received by Grace M.E. Church

Baptismal Services Held on Palm Sunday with Many Candidates

Palm Sunday services reached a high tide of interest at Grace Methodist church Sunday. The attendance at both services was large and in the morning was the largest in many years, completely filling the large sanctuary. The sermons and music were specially fitting to the day.

In the morning after a brief sermon appropriate to the reception of new members the pastor, Dr. Freeman A. Havighurst, conducted the baptismal service and received a very large number into church membership, both on confession of faith and by letters of transfer. The total number of candidates for membership was 109. Of this number seventeen found it impossible to be present and will be publicly received in two or three weeks.

Those present and received were: Mr. and Mrs. Gilbert Acree, Mildred Acree, Allen Acree, Anita Anderson, Mr. and Mrs. Carl Beene, Virginia Byus, Mrs. Bertha Carson, Mr. and Mrs. V. T. President Roosevelt Will Toss Out First Baseball At Washington Ball Park

By Dillon Graham
Associated Press Sports Writer
Washington, April 15.—(AP)—His right arm in fine pitching shape after a southern fishing expedition, President Roosevelt tonight looked only for a break from the weatherman tomorrow to start both literally and figuratively the annual baseball scramble.

The nation's chief executive will ring up the curtain on the whole big league pennant chase by seeking to toss a first strike in the Washington Senator-Philadelphia Athletics opener here. Literally he will start a scramble among the local players after that prized first ball.

The presidential strategy—his coaches reveal—will be to aim his fist

ball toward the center of the diamond in the general direction of the veteran Senator left-hander, Earl Whitfield. But the players will string out in a line from home plate to first base, eager to snag the horseshoe as it flies over their head.

Accompanied by cabinet members and others of his official party, Mr. Roosevelt will be driven to the presidential box while the army band blares away with the customary "Hail to the Chief."

Then two silver-haired "fans," vice-president Jack Garner and owner Clark Griffith of the Nationals, followed by the players, will march to the centerfield flag pole to raise the stars and stripes.

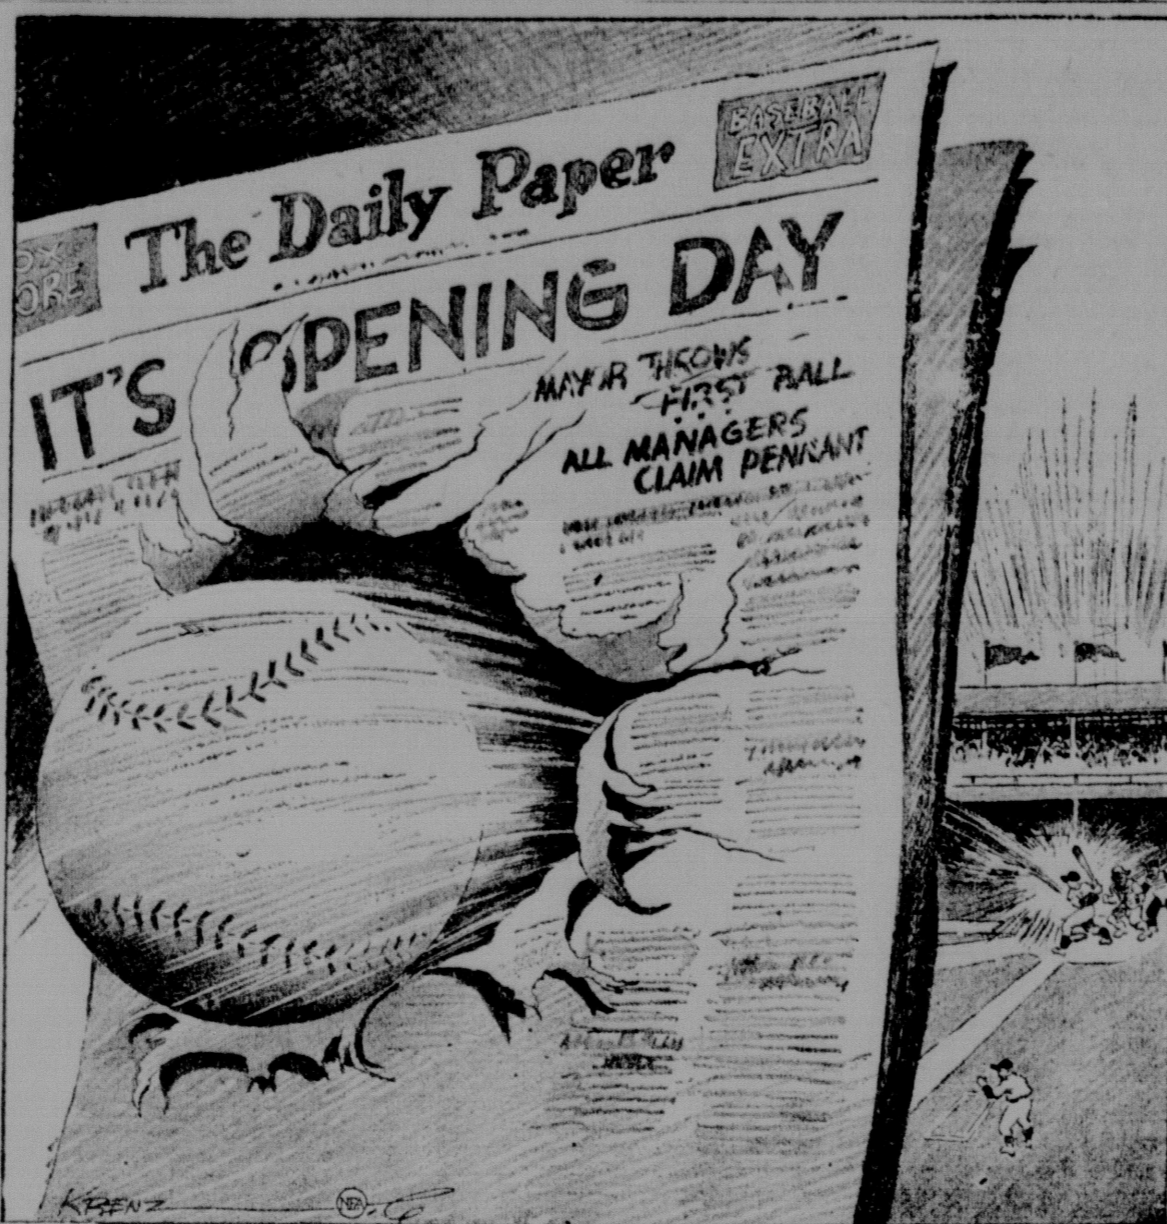

This clears the way for Mr. Roosevelt's toss and the game itself amidst the pomp and ceremony that only the National Capital can provide.

Congress probably will adjourn ostensibly "to give the committees time to catch up with their work." Actually, most of the committees will be found at Griffith stadium.

The Senators are confident of an opening victory, if Mr. Roosevelt stays until the last put-out. He's their good luck charm. They've won every game he has attended—and stayed until the end. A year ago he left when rain temporarily halted the contest and that jinxed the Nationals. They lost to Boston 5 to 0.

The News of the Day

Blueboy Trackmen To Open Season Fri.

Baseball Team Plays Iowa Thursday, Carleton Here Saturday

Illinois College athletic teams will be busy this week, beginning Thursday when the University of Iowa comes here for a baseball game. The following day the track and field team will open its outdoor season in a quadrangular meet at McKendree, while the tennis team is meeting Blackburn here. Saturday will find the baseball team in action again, meeting Carleton College of Minnesota.

The baseball team, rained out of its game with Northwestern here last Thursday, will tackle the Hawkeyes after going almost a week without outdoor drill. Coach Ray Nusspickel got his boys out into the open spaces Saturday afternoon for a short practice, but cold weather handicapped drill Monday.

The tennis team came away from Peoria Saturday singing under a series of seven straight match losses, and without a single victory. The Bradley Tech team, champions for the past two years, swept through the Hilltop racket swingers in singles, but almost dropped two matches in doubles. Jack Moriarty and Byers gave their doubles opponents a stiff battle for three sets, but were nosed out, and Eddie Mitchell and Clark evened up their match with their Bradley foes at one set each, and then fought 34 games before losing 12-16.

The Blueboy ball yard was dried off sufficiently yesterday to bring hopes for an infield suitable for a hard workout this afternoon if the weather moderates.

Steinheimers Win In Overtime Game

A sizzling opener marked the beginning of the three game series which the Steinheimer and Smith Indes fives are playing for the Y. M. C. A. league basketball championship of the city. The Steinheimer team handing the Indes their second defeat of the last three years in league play in an overtime game, 30-27. The second game will be played tonight.

Bennett's two baskets in the overtime period gave the Steinheimer leads the victory, after the game wound up at 26 all at the end of the regular playing time. Murgatroy scored the only point for the Indes in the extra frame.

Neither team revealed any single player as an outstanding scoring machine, both teams scattering their points throughout their line-ups. Cochran and Duerwer led the Steinheimer team, and Hudson was high gunner for the Indes, each player scoring eight points.

Reds Return John Mize to Cardinals

Injury to Kid First Sacker Causes Decision

Cincinnati.—(AP)—The Cincinnati Reds, on the day before their league opener, said goodbye to their \$55,000 rookie first baseman, Johnny Mize.

The decision last night of Manager Charles Dressen to return Mize to the St. Louis Cardinals followed a report by physicians that a cyst which developed in one leg after an injury last year, would heal permanently only through an operation.

Mize, obtained last year from Rochester of the International loop, has heard Dressen describe him as "the greatest rookie first baseman I ever saw," and one upon which hopes of Dressen's "kid infield" largely centered.

His departure, on the eve of tomorrow's game with the Pittsburgh Pirates leaves "Sunny Jim" Bottomley king of the first corner. Had Mize been retained, the Reds' management would have parted with \$55,000, under terms of the option.

New York, April 15.—(AP)—Despite the threat of being given a cold, wintery shoulder by old man weather, Major League baseball will take off tomorrow in mass formation on a 154-game flight calculated to develop extraordinary competitive excitement and designed to recapture old-time prosperity.

The warm rays of a spring sun today lifted the hopes of the faithful for a balmy setting for the opening ceremonies, at least in the east, but this proved quickly to be just another false start. The forecast is for a much colder weather overnight along the eastern seaboard, with a parting salute from winter in the middle west.

A snow storm forced the Cincinnati Tigers to cancel their final workout. Cincinnati reported snow flurries but a sell-out, nevertheless.

For the opening game at Crosley Field between the Reds and Pittsburgh Pirates, Chicago's forecast alone was of the "fair and warmer" variety for the opening which will pit the Mighty Dizzy Dean of the World Champion Cardinals against the Great Lon Warneke of the Cubs.

Skies promise to be clear but overcoats will be necessary in the east for those who expect to turn out for the big day, either to join President Roosevelt in the send-off at Washington or to witness the debut of Babe Ruth as a National Leaguer in Boston against the opposition furnished by the celebrated Carl Hubbell and the New York Giants.

As part of the super-charged send-off, high officials of the two Major Leagues, headed by President Ford C. Frick and Will Harridge, along with a group of ranking club managers, combined tonight in a nationwide broadcast (NBC). They not only predicted close pennant races—an old baseball custom—but bigger and better things for the game and its followers.

Latest reports indicated an aggregate turnout of at least 200,000 for the eight opening games tomorrow.

Three Women Stars Retain Tank Titles

Mrs. Jarrett, Misses Rawls and Kight Lead Field

Chicago.—(AP)—Mrs. Eleanor Holm Jarrett of New York, Katherine Rawls of Miami Beach, Fla., and Lenore Kight of Homestead, Pa., have renewed their leases on most of the women's A.A.U. swimming honors for another year.

After the annual assault on records in the Lake Shore Athletic Club pool, Miss Rawls had three titles and three records. Miss Kight had a pair of championships, and Mrs. Jarrett had a new world record for the 100 yard backstroke.

Miss Rawls won the 100 yard freestyle, displacing Olive McKean of Seattle, in 1:03.1, three-tenths of a second faster than her own former record; trimmed nearly three-seconds of her own mark in the 300 yard medley event by covering the distance in 4:09.6, and took the 100 yard breaststroke in 1:20.5, three-tenths of a second better than the old record set by Doris Shimmion of Detroit.

Miss Kight was not seriously pressed in the 220 and 500 yard freestyle tests, winning the former in 2:35, and the latter in 6:21.9.

Mrs. Jarrett had to hustle to beat out Margie Smith of Biwaok, Minn., in the backstroke, but won by two yards in the world record time of 1:09.6. Her own former record was 1:10.6. She gave her team, the women's swimming club of New York, a huge lead in the 300 yard medley relay, in helping to account for another victory.

Mrs. Dorothy Pointon Hills of Los Angeles won back her low board diving title, but was shaded by a 40 of a point by Claudia Eckert of Chicago, for high board honors. A youngster, Lodema Dunbar of Battle Creek, Mich., making her first appearance in the national meet, landed third in the low board and fourth in the high board.

The Carnegie Library club of Homestead, paced by Miss Kight, retained the team championship with 29 points.

It begins to appear that the basketball season ended a bit too abruptly. Maybe some of these days folks will begin to pay attention to the ground hog.

In other words, it's going to be a cold day in April when the Major Leagues open their baseball schedules. It's today, and unless the weather man does a darn quick about face, the worst opening day crowds in the history of the game may greet the athletes.

Thus far we've seen forecasts that St. Louis will win in the National, and Cleveland in the American. Not many sport writers believe Detroit will be back in the title class this year.

According to tests made not long ago, a pitcher can throw a baseball from the mound to the plate in 2-3 of a second. That's going to be too fast for a lot of boys to hit today.

Coach Frank Walker is all set to go ahead with track work, but after being rained out almost all of last week, and hampered by cold at the start of this week, the coach is beginning to have some fears about the condition his squad will be in when it goes to Carrollton this week-end for a triangular meet.

Walker believes he will have some point winner in track this year, with

Austrian Wins All of U. S. Ski Titles

Wins Downhill and Slalom Events at Ranier Park

Paradise Valley, Rainier National Park, Wash.—(AP)—Hannes Schroll, who learned to ski on barrel staves when he was five years old, is taking three of America's national ski championships with him back to his native Austria.

The 25-year old Schroll won the Slalom crown easily on the steep slopes of Mount Rainier yesterday, which with his victory in the hair-raising downhill race of Saturday, also gave him the combined title. He plans to return home immediately to train for the 1938 Olympics.

Without a wobble, he swooped down the double Slalom runs for a total time of 2 minutes, 13 seconds.

Robert Livermore, Jr., of the Ski Club Hochschule, Boston, was second, nosing out Richard Durrance, Tarpon Springs, Ala., member of the Dartmouth College team, when the latter took a bad spill. Livermore had a total of 2:25.3.

DERBY ENTRY BECOMES IMPRESSIVE AFTER ITS EXHIBITION IN MUD

Louisville, Ky.—(AP)—Bluebeard's Kentucky Derby stock took a decided jump today after Mrs. R. B. Fairbank's colt turned in the fastest work of the training season at Churchill Downs yesterday.

The little roan rattled off seven-eighths in 1:31 3-5 and toured the mile in 1:46 1-5 on a heavy track. He was under a sung hood the last eighth and merely galloping at the mile.

The Catell Stable's Manners Man was the only other Derby eligible called on for speed. Cal McFerran, trainer, tugged the colt in :25 for a quarter and :52 3-5 for a half mile.

Joe Zeller of Alexander was transacting business in the city Monday.

Dodgers Champions Of Grapefruit Loop

Brooklyn Wins Eight Out of Ten Starts on Tour

New York.—(AP)—The Brooklyn Dodgers are champions of the annual "Grapefruit League."

Casey Stengel's Dodgers won eight of their ten games with American League rivals to clinch top honors by a wide margin. The American League, however, wound up the annual spring series with an eight-game edge over the National, winning 56 games and losing 48.

The New York Yankees finished second to the Dodgers with 10 victories and 6 defeats, with the Phillies and White Sox holding third and fourth positions.

Centenary Church Marks Palm Sunday

Special Sermon and Music Herald Approach of Easter Season

Under the direction of the pastor, Rev. M. M. Blair, Centenary enjoyed inspiring services on Palm Sunday. The morning worship was attended by a large congregation. As usual the special order of worship was followed and the pastor delivered a great message on "I Am the Way." The music was quite appropriate especially the anthem by the choir and the solo by Miss Marion Cocking.

Rev. Blair in his sermon by way of

introduction said that Jesus determined to know and do the will of the Father. The mind and heart of men could be won by preaching and teaching the truth; by holy service; by humility; by sacrifice and through justice, good will and love. Laws and mandates had never been instruments in winning men but the great preaching and teaching Christ has given to the world was "The only Way" to bring the human family to the Father.

At the evening service Rev. Blair used as his subject "The Garden of Gethsemane." All services for the day—Sunday school, the leagues—were attended by large gatherings of sincere worshippers.

The coming week will be a full one. Tuesday 7:30 p. m. the Fideles class will meet at the church. It is greatly desired that a large number of persons will be at the mid-week prayer service at 7:30 p. m. Wednesday. On Thursday all Centenary members are urged to attend the union communion service at the Congregational church. Special plans have been made for Centenary church to be open on Good Friday from 10 a. m. to 6 p. m. for individual prayer and communion.

Centenary is planning for great services on Easter Sunday. Appeal is made to the members and friends to be present—to give of their money—to give themselves in a great worship.

Dr. H. C. Jaquith at Chicago Convention

I. C. President Attends Meet of North Central Ass'n. Held Last Week

Dr. Harold C. Jaquith, president of Illinois College, was among the educators and delegates attending the fourth annual convention of the North Central Association of Colleges and Secondary Schools, which was held at the Stevens hotel in Chicago April 10 to 13.

Noted speakers on the program included Gov. Paul McNutt of Indiana; R. L. Cooley, director of the Milwaukee Vocational Schools; William S. Gray, University of Chicago; Clarence A. Dykstra, city manager of Cincinnati; Dean H. L. Smith, School of Education, Indiana University and F. L. Flint, Culver Military Academy.

Revisions in the curricula and standards of education in secondary schools was one of the main topics discussed at the annual meeting.

A. W. Clevenger, secretary of the association and High School Visitor of the University of Illinois explained that unemployment has brought new problems in secondary school education because a new type of student is enrolling in high schools.

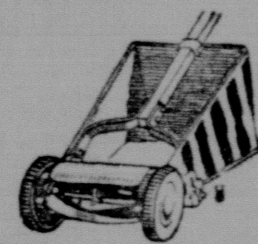

"Because of unemployment, enrollments have risen from 52 per cent to approximately 66 per cent," Mr. Clevenger continued. "A new type of student is enrolling, one that is not of the studious type. Educational standards must be revised and curricula must be changed to meet this problem."

"We must apply a new philosophy. The curricula must be revised to include more subjects along vocational lines, agricultural, mechanical, laboratory and hand work. And, too, the present standards of accrediting secondary schools must be revised."

YOUTH WEEK PROGRAM WILL BE SPONSORED BY CLUB MEMBERSHIP

Jacksonville Business and Professional Woman's club chairmen have received requests from the state officers to emphasize coming important dates set aside on the general calendar for special notice.

"Youth Week" which will be celebrated April 27 to May 4, has this year received endorsement of the National Federation and each club is asked to make efforts to observe this period. Interesting programs featuring activities and also suggestions for the summer months in recreation or in reading, should be part of the plan.

Unusual ideas and pictures of girls' activities are requested and Mrs. Geline MacDonald, national president, in sponsoring this project desires all chairmen to send these to state headquarters.

May has been set aside as dedicated to the important "Finance Problem." This program will be devoted to club finance, personal finance, public finance or a combination of two or three of these vital subjects. The situation in the state should be covered in regard to social security.

Fifty Members Are Secured For New Society of Royal Neighbors

White Hall—The Juvenile Camp of Royal Neighbors which was recently organized here, as a subsidiary of Evergreen camp R.N.A., held its regular meeting Saturday afternoon in K.P. hall, with eleven of the fifty members present.

There were several visitors including Mrs. Olive Green of Greenfield, district deputy; Mrs. Pansy McCarty, Mrs. Lizzie Dean, Mrs. Elsie Nash, Mrs. Nadine Camerer, Mrs. Irene Barber, Mrs. Maude Nash. The camp was invited to Greenfield to attend that camp next Saturday. Mrs. Saide Weidly of Peoria, state supervisor, and Mrs. Olive Green organized the camp a few weeks ago, but this camp has not selected a name.

The members are Wesley Meyers, Thomas Nash, John Nece, Ward Price, Estella Pruett, Beverly Roberts, Shaune, Darlene Roberts, George Rafferty, Ruby Riggs, Darold Wayne Silkwood, Elmore Singleton, Eileen Singleton, Vincent Shackelford, William Dale Scoggins, Clarice Dale Scoggins, Daris Eileen Scoggins, Russell Edward Scoggins, Robert Thompson, Virginia Thompson, Robert Lee West, Robert Dean Wilson, Eloise Walton, Russell Harold Walton, Ruth DePoister, Robert Dale Wilson, Evelyn Louise Wilson, Geneva Eileen Wilson, Winnie Heberling, Junior Burns, Audrey Cox James Warren Campbell, Mary Ann Campbell, Betty Jean Camerer, Richard Evans Dennis, James Walter Davis, Thelma Dobbeek, Mary Elizabeth Evans, Paul Frederick Graves, Samuel David Hudson, Dolores Halbert, Catherine Hitch, Ruth Joutet, Loren Dale Joutet, Theda Mae Kessler, Robert Kessler, Eugene Kessler, Ida McEvers, Thelma McEvers, Jane McCarty, Jimmie Lee McNish.

SIN, DISEASE AND DEATH ARE STUDIED

"Are Sin, Disease, and Death Real?" was the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, April 14.

The Golden Text was "Heal me, O Lord, and I shall be healed; save me, and I shall be saved; for thou art my praise" (Jeremiah 17:14).

Among the citations which comprised the lesson-sermon was the following from the Bible: "The Lord is good to all; and his tender mercies are over all his works. All thy works shall praise thee, O Lord; and thy saints shall bless thee" (Psalms 145:9,10).

The lesson-sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Truth has no consciousness of error. Love has no sense of hatred. Life has no partnership with death. Truth, Life, and Love are a law of annihilation to everything unlike themselves, because they declare nothing except God. Sickness, sin, and death are not the fruits of Life. They are inharmonies which Truth destroys" (p. 243).

DAUM RE-ELECTED BY CARROLLTON VOTERS

Carrollton—A very quiet election at which the vote polled was light was held here Saturday from 1 to 7 p. m. The election was for the purpose of electing a president and two members of the Carrollton Board of Education. There was only one polling place, the Chevrolet salesroom.

The result was: For president for a term of one year, Philip A. Daum, 146. There was no opposition. For members of the board for a term of three years, two to elect, Ruth Meek, 144; Dr. Fred L. Walter, 143. There was no opposition, but one name was written in, Thomas Carmody, on one ballot.

The holder members of the board are Mrs. A. J. Sharon, Clement Smith, and Dr. S. F. March. Each has two years to serve. There were a total of 150 ballots cast.

An election for a school trustee for School District No. 10-12 of Greene county was held Saturday at the Baltz building here. A total of 20 votes were cast, Edward Bowman of this city being voted for on every one of them.

A meeting will be held at 7:30 p. m., in court house, Jacksonville, Thurs., Apr. 18, to discuss question of holding an election to decide on road oiling in Road Dist. No. 7.

Baby Beef Contest Rules are Changed

Two Separate Classes in National Stockyards Show This Year

A drastic change is made in the rules for this year's Junior Calf Club show of the St. Louis Live Stock Exchange. Instead of all the calves being shown in one class there will be two separate classifications this year, one for light and one for heavy calves. The dividing line will be 940 pounds.

There will be a total of 90 cash prizes offered, aggregating upwards of \$1,000.00, an increase of 50 per cent over 1934. Any boy or girl up to 7 to 20 years of age will be entitled to enter one steer calf of the Hereford, Shorthorn or Angus breeds.

There will be no restrictions as to other club affiliations, the event being open to both 4-H club and Vocational Agriculture members. The profit sharing feature of the show will be continued. In the five years this plan has been in effect, a total of \$6,275.00 has been distributed among 1,419 boys and girls.

Most of the entries to this show are from Missouri and Illinois.

LARGE AUDIENCES AT CHURCH OF GOD HEAR MINISTER'S MESSAGE

Sunday was another high-mark day for the Church of God. The Sunday school continued its usual upward pace in attendance and the morning service and the young people's meeting were well attended. Almost a capacity crowd turned out and heard Rev. Ward speak on the subject of "The Sacrificial Saviour." Sunday evening.

The church has well set plans for the Easter services. The first service will be a sunrise prayer meeting at 6:00 a. m., and a program committee consisting of Mrs. Martin Widener, Mrs. Virgil Lane and Mrs. Jess Lankford have a well arranged program which will be presented Sunday morning at the Sunday school hour. The Sunday school will begin at 9:30 a. m., instead of 9:45.

The Sacraments will be ministered in the morning service. Side views of the Death, Burial and Resurrection of Jesus will be shown in the young people's service at 6:30 p. m., and the usual evangelistic service at 7:30.

The public is invited and especially the parents of the children and young folks who will take part in the Easter program.

LOST FAT Fooled Gossipers

Mrs. J. R. McCausland of Pittsburgh writes: "I took off 8 lbs. in two weeks with Kruschen. I ate as usual and feel fine." You, too, can safely reduce as Mrs. McCausland did if you'll only have a mind of your own. Pay no attention to gossipers who wouldn't want to see you the slender woman you can be if you'll only take a half teaspoonful of Kruschen Salts in a cup of hot water every morning (tastes fine with juice of half lemon added).

Kruschen is SAFE—it's a health treatment and when your body abounds with Kruschen fitness—excess fat leaves. Jar lasts 4 weeks and costs but a trifle—any drugstore. (adv.)

William R. Coultas Dies At Home On Caldwell Street

Well Known Resident Had Been Ill Two Weeks: Burial Wednesday

William Richardson Coultas, well known Jacksonville citizen, died at 2:30 o'clock Monday morning at his home, 436 Caldwell street, following a two years' illness.

He was born in Henley, California, Oct. 22, 1865, a son of John Richardson and Nancy Jane Hudson Coultas. He came with his parents to Morgan county in 1874 at the age of 9 years, establishing their home at Lynnville where he received his education.

Mr. Coultas was for many years a tile contractor, doing much work in Morgan and adjoining counties. He had resided in Jacksonville for 20 years.

The decedent was a man of excellent character, deeply devoted to his home and family. He enjoyed the esteem of all who knew him.

On Nov. 11, 1933 he was united in marriage with Alice A. Todd, who survives him with three children: W. H. Coultas, Springfield; Mrs. W. L. Chapman and Mrs. G. A. Bennett, both of Jacksonville. Another son, Frederick, died in infancy. There are two grandsons, Donald F. Woodward, Lockport, Ill.; Billy Bennett, this city, and one granddaughter, Mrs. Robert Dabney, Springfield. There are two great granddaughters, Marilyn Joan and Donna Jean Dabney of Springfield.

Mr. Coultas was a member of the Central Christian church of this city. He was affiliated with the Lynnville I.O.O.F. lodge and Modern Woodmen.

The remains were removed to the Gillham Funeral Home where services will be held Wednesday at 2 o'clock, Dr. M. L. Pontius officiating. The body will be left at the funeral home. Interment will be made in Diamond Grove cemetery.

BEARDSTOWN MAN COMMITS SUICIDE

Beardstown — John Barker, about forty, ended his life at his home a mile south of this city Sunday morning by shooting himself with a shotgun. "Coroner Charles R. Gersmeyer conducted an inquest yesterday afternoon at the city hall.

The decedent is survived by his wife and a daughter. Members of Barker's family were unable to give any reason for his act.

Surplus in Treasury Of British

Chancellor Paints Rosey Picture of Financial and Trade Position of Empire in Budget Message.

NEW RECORDS ARE MADE

London — (AP) — Neville Chamberlain, chancellor of the exchequer, painted a rosy picture today in the House of Commons of Great Britain's financial and trade position as he presented the British budget for 1935-36 with an estimated surplus of £5,610,000—about \$28,030,000.

The chancellor was buoyantly cheerful in outlining improved economic conditions and placed the estimated total of ordinary expenditure by the government at £729,970,000—about \$3,649,800,000—with a total estimated revenue of £735,580,000—about \$3,677,830,000. The difference between the figures is the surplus.

On the expenditure side, Chamberlain pointed out a provision must be made for an additional £10,500,000—about \$52,300,000—for defense services as already outlined in the army, navy, and aviation estimates.

"The improvement in trade," said the chancellor, "has reached right down to the purchasing power of the people. I have been able to find only one direction where a new low record was established for trade and that was in the time lost for trade disputes."

Hardy Miners Asleep on the Job—of Lobbying!

These hardy miners "dreamt they dwelt in marble halls," and when they woke up, there they actually were! But it was hard slumbering for the militant 300 who took possession of the Michigan capitol at Lansing in their sleep of the legislature to force through a bill decreeing use of Michigan coal in all state buildings. With cold drafts whistling through the state house, they slept on floors and on desk tops, defying a state police ban, then left when assured a partial victory.

Hear Facts About Russia Tues. Night

Rev. Schull Will Lecture at Legion Home Following Chow Club Supper

This evening following the Chow Club supper, Rev. Schull of Virginia, who made the tour of Russia on one of Sherwood Eddy's trips, will give an illustrated lecture on the true conditions in Russia. Rev. Schull left the regular set tour set up by Mr. Eddy's travel bureau and traveled for quite some time alone in Russia in order to bring back to America the true facts and the true methods of living in that country. In order to substantiate what he had to say regarding living under Soviet rule he smuggled his camera on all his trips and he has three hundred films that were brought back to this country undeveloped. Rev. Schull's illustrated talk is one that will be worth while to the American people as he brings to us only facts and he is one of the many red-blooded Americans who went over there to get the true conditions and brought them home to give them as they were. He is not on the payroll of Soviet Russia as many of our speakers are at the present time. All ex-service men are invited to this illustrated lecture and are requested to bring guests. If you care to attend the Chow supper at six o'clock, preceding this lecture, it will be necessary to make reservations.

Burglar Gets Three Watches and Money

Diamond Ring Also Taken from Konrad Home on North Main St.

Three watches, several other articles of jewelry and \$13 in cash were stolen Saturday night from the residence of David Konrad, 632 North Main street. The home was entered through a basement window.

Mr. Konrad was at his place of business and Mrs. Konrad was absent from home from 7 to 10 o'clock. When she returned she discovered the burglary. The house had been thoroughly searched for valuables. One diamond ring was missing, together with the watches and money.

Police were called and started an investigation.

Chicago Policeman Dies of Injuries

Plunges to Death in Flames After Saving Many

Chicago — (AP) — Policeman Edwin Peppard, 30, was fatally injured early today when he was trapped in a burning apartment building after he assisted other policemen in routing 30 residents from the flaming structure.

Spectators said Peppard appeared at a window on the fourth floor when his escape was cut off by burning stairways, and that his clothing burst into flames just before he plunged from a fourth story window. He died a few hours later in a hospital of burns and internal injuries.

Joe Werries of Chapin spent Monday in the city transacting business.

R. B. Oxley of Franklin was transacting business in the city Monday.

Roy Scott Injured By 30-foot Plunge In Elevator Shaft

Former Jacksonville Man Victim of Accident at Quincy Hotel

G. Roy Scott, manager of the Hotel Quincy at Quincy, Ill., formerly of this city, was seriously injured Monday morning when he fell 30 feet down an elevator shaft. The accident occurred at the hotel.

Mr. Scott was removed to a hospital where physicians reported his condition as serious. The nature of the injuries has not been learned here.

Mr. Scott was formerly connected with the New Pacific hotel here, of which his father, George Scott, was manager. He also managed hotels at Effingham and Rock Island.

Miss Dorothy Jane Scott, a Freshman at MacMurray College, is a daughter of the injured man.

Youth Confesses to Killing Two Parents

Bodies Found in Burning Home Two Months Ago

Woodward, Okla. — (AP) — Russell Boley, 18, was said today by G.C. Davis of the state bureau of criminal identification and investigation to have confessed he shot and killed his mother and father, whose bodies were found in their burning farm home near here February 5.

Davis said Boley, former student at the Northwestern Oklahoma Teachers College, had signed a confession admitting he shot his parents, Mr. and Mrs. John Boley, both 43, poured gasoline on their bodies, and then set fire to their home.

"I don't know why I did it—I feel better now," Davis quoted the youth as saying.

Urge Study of Long Term Financing Plan

Needed for Small Industry, Council Tells Group

Washington — (AP) — Better long-term financing for small industry, in the opinion of the Business Advisory and Planning Council of the Commerce Department, is "of paramount importance to recovery."

The council outlined this view in a statement urging the Reconstruction Corporation, Federal Reserve Board and Securities and Exchange Commission to study the question immediately.

The statement said small industry plays "a very important part" in the economic life of the nation and that its activities contribute a great deal to larger plants. Meeting its long-term credit needs "should be a natural function of the investment banker," it asserted.

Lutherans Orphans Home is Destroyed

116 Children Escape Without Injuries

St. Louis — (AP) — Fire that endangered lives of 116 children destroyed the Lutheran Orphans' Home in St. Louis county today. The children were unhurt.

The fire, which caused damage estimated at \$150,000, was discovered just as the children finished morning prayers in the dining room.

The matron Mrs. Rose Pleske, 20 teachers, and four deaconesses marshaled the children and marched them outside, carrying a few two and three-year-olds. Part of their clothing and other belongings were lost.

WOULD AID URBAN HOME OWNERS THRU LOAN REFINANCING

Federal Home Loan Bank Board Chairman Issues Statement On Method For Borrowers.

To help urban home owners of good credit standing who are having difficulty in securing satisfactory refinancing for their maturing short-term home loans, John H. Fahey, Chairman of the Federal Home Loan Bank Board, issued the following statement suggesting a method by which many such borrowers may find it possible to refinance their loans on convenient terms.

"An increasing number of home owners have recently written to the Board here in Washington and to the regional Home Loan Banks, saying that they have been unable to obtain long-term mortgage accommodation from the financial institutions to which they have applied, and asking us where they may be able to arrange such financing.

"One reason why many home owners have been disappointed is that they applied to institutions which do not specialize in home finance, and are not prepared to make any large volume of long-term amortized loans, or which, by their own policy or the laws of the states in which they operate, can only lend up a small proportion of underlying property value.

"Any home owner who is not in financial difficulty, who may fail to obtain refinancing for either of these reasons, should consult one or more of the member institutions of the Federal Home Loan Bank System located in his own community. The 3200 members of the Bank System employ practically the entire \$4 billion dollar of resources in making home loans on a long-term amortized basis. They are private, local home financing concerns. By far the largest proportion of their loans is made to wage earners and salaried workers of modest incomes, most of their mortgages ranging from \$1000 to \$5000, although they are free to make loans of larger amount.

"These institutions now have access to ample funds for loans at fair rates to approved borrowers. Their own resources and the enormous credit reserves of the Home Loan Bank System are available to meet the refinancing needs of many home-owner applicants who are not in distress, and therefore not eligible for HOLC loans. The usual loan offered by member associations is entirely repaid in from 10 to 15 years by small monthly installments of from \$8 to \$12 for each \$1000 of loan, depending upon the interest rate and maturity.

"Member institutions, for the most part savings and loan associations and cooperative banks, are located in practically every city in the United States. They are accustomed to making loans up to a reasonably high proportion of property value, provided the applicant's financial position and credit record are satisfactory, and the condition of his home and neighborhood such as to justify a long-term loan without undue risk.

"Reports from member institutions assert their ability and willingness to make long-term loans at reasonable interest rates for home loan refinancing, and also for construction or modernization. Our immediate task is to place home owners who seek suitable mortgage accommodation, in touch with lending institutions which are prepared to meet their requirements.

"To help to solve this problem for the home owner who is not in tax arrears or in default on existing indebtedness, we suggest that he write directly to the Federal Home Loan Bank Board, Washington, D. C., stating the location and approximate value of the property and the purpose for which a home loan is desired. The letter will be forwarded to the Home Loan Bank of the district in which he lives, and that Bank will mail him a list of member institutions of the Home Loan System located in his vicinity. In many cases this procedure should prove successful in providing suitable refinancing.

Expect Budget for State Biennium to Be Down 10 Million

Will Be Up Ten Million from Last Year, But Under Last G.O.P. Limit

Springfield, Ill. — (AP) — With belligerency marking the legislative deadlock on relief financing, the Horner administration today was understood to be ready to introduce the biennial appropriation bills.

Republican leaders insisted they would not vote for the sales tax increase bills and there was the customary confusion as to what Governor Horner might do in efforts to raise \$3,000,000 monthly for the criticized Illinois Emergency Relief Commission.

Tomorrow is the date set for submission of most of the bills appropriating funds to enable the state government to operate for the next two years. It was possible that the long-delayed biennial budget might also be made public by Governor Horner.

Administration spokesmen would not reveal the appropriation figures, but it was understood that the total would be about \$10,000,000 less than for the last two years of the Emmerson administration, when the Republicans were in power.

That would mean an increase of about \$10,000,000 over the reduced appropriations voted in 1933 as a result of Mr. Horner's economy drive. Increased costs of foodstuffs for state institutions would be one reason for increasing the total.

Autos Hit High Gear In Sales

Current Production Near 20,000 Daily with Many Unfilled Orders Listed in Several Factories.

INDUSTRY NEARS PEAK

Detroit — (AP) — The nation's No. 1 industrial colossus, the motor car industry, is in high gear. In haul away trucks, in freight cars and in driveaway processions the product of the assembly lines is moving from factory to dealer and on to consumer in heavier volume than at any time during the last five years.

Gaining momentum steadily under the impetus of a swelling consumer demand, the industry has assembled more than 1,313,000 passenger cars and trucks since January 1. Within the next 10 days it will have covered only 16 weeks of 1935, but will have produced as many units as were manufactured in all of 1932. Output for that year, lowest point in the depression, was 1,431,494 cars and trucks.

Current production is close to 20,000 passenger cars and trucks a day, and probably is near the year's manufacturing peak. Nowhere, however, is there any indication of a recession in manufacturing activity, nor a curtailment of buyer interest.

One of the factors on which executives base their present outlook on the industry—the most optimistic they have held during the last five years—is that almost since the beginning of the year, consumer demand has absorbed a greater percentage of the output, leaving nearly every factory with an accumulation of unfilled orders. New car registrations for the first quarter of the current year show that close to half the assemblies have been moved on to buyers.

Billion Planned to Be Used in Highway Projects, is Belief

Will Be Used to Eliminate Grades at Crossings, Speed Traffic

Washington — (AP) — Surface conditions pointed today to the possibility that \$1,000,000,000 of the administration's work relief fund may be spent on streets and highways.

The Bureau of Public Roads, it was said, has got the jump on other spending agencies. It already has \$100,000,000 of grade crossing eliminations and other projects contracted for under authority granted by congress last year, officials revealed, and these contracts are to be met with work relief money.

State highway departments were reported to have detailed programs for crossing eliminations, trunk line routes through cities, arterial highway improvements and the like ready for consideration as soon as President Roosevelt indicates the sum he wants to spend in this direction.

States will not be required to match the work relief money set aside for highway, street and crossing construction. After it is made available by the president, the fund will be apportioned among the states by the secretary of agriculture on a basis prescribed by the relief bill.

In dividing the funds provided for highway, roads and street construction, Secretary Wallaces will be required to consider population, first, then area and mileage of post roads.

GOVERNOR DESIGNATES HEALTH WEEK AND DAY

Springfield, Ill. — (AP) — Governor Horner today designated the week beginning April 28 as Health Protection Week and May 1 as Child Health Day.

The governor issued the proclamation in the attempt to focus the attention of the public on the benefits and possibilities of preventive medicine and science, which he termed were "monumental contributions to human welfare."

He declared the hazards of infancy have been reduced one-half and the average life span has been increased twenty years through science and medicine.

Oklahoma Man Back Here to Stay; Dust Storms Responsible

John Mansfield Tells of Ruin and Hardship as Choking Clouds Darken Sky

John Mansfield, who has been living with his daughter at LaVerne, Okla., has arrived at the home of Mr. and Mrs. Charles Tipps. He has a farm in this state and is back to stay, the dust storms having driven him out of the southwest. It is a tragic story of ruin that Mr. Mansfield tells.

Continuous darkness broods over the region. The people have not seen the sun for weeks. The choking dust causes the eyes of livestock to water and then blinds them. The animals cannot get a good drink of water because the dirt settles in the tanks. The dust sifts into the barns and covers and filters through the hay so that it is not fit to eat.

It is impossible to keep clean.

"ELECTRIC BRAIN"

ONLY ON IRON FIREMAN STOKERS
Look what it does. You want your room temperature, for instance, at 70 degrees from 7 a. m. to 10 p. m. and 55 degrees from 10 p. m. to 7 a. m. Just set the room thermostat for those temperatures. Set the Synrostat in the furnace room for the time. That is all there is to do. Never touch it again unless you wish to change the time or temperature. It switches back and forth automatically without winding or further setting, from 70 degrees to 55 degrees or any other temperature levels you prefer. And it never lets the fire go out even in very mild weather.

Jacksonville Voters To Choose Municipal Officials Here Today

Jacksonville voters will name a mayor, clerk, treasurer and eight aldermen today. Regardless of the outcome of today's election practically all of the successful candidates will be new, only four of the eleven aspirants to municipal posts being in office now, and their defeat would mean an entirely new group of city officers.

FOUR-COUNTY CHECKER MEET BEGINS HERE

Jacksonville Player Leads In Tournament Here Last Night

Checker players from four counties gathered at the City Hall last night for the first session of the tournament which will decide the championship of Morgan, Scott, Cass and Greene counties.

More than a hundred checker fans from Jacksonville and surrounding towns were present when play got under way.

Two of the players scheduled to enter the tournament were unable to be present, but sent substitutes, who will continue to play through the tournament. No switches will be permitted.

P. G. Stein of Jacksonville proved to be the best checker player in the opening round, finishing the evening with five wins, no losses and one draw.

Three out of town players are tied for second place, Raymond Whitlock, Manchester, A. D. Rollins, Greenfield, and Rolly Cooper, Manchester.

Play will be resumed next Tuesday night, April 23, when each player will play eight games.

Following are the standings:

Player	W.	L.	Dr.
P. G. Stein	5	0	1
Raymond Whitlock	4	2	0
A. D. Rollins	4	2	0
Rolly Cooper	3	2	1
J. T. Shelton	3	2	1
Louis E. Biggs	3	2	1
Sam Montgomery	1	5	0
H. C. Black	0	5	1

The players finished with the following percentages:

P. G. Stein, Jacksonville, 916; Raymond Whitlock, Manchester, 667; A. D. Rollins, Greenfield, 667; Rolly Cooper, Manchester, 667; J. T. Shelton, Ashland, 583; Louis E. Biggs, Jacksonville, 250; Sam Montgomery, Virginia, 166; H. C. Black, White Hall.

Sam Montgomery of Virginia, and H. C. Black of White Hall, were substitutes who entered the match. These men while first class checker players have not had sufficient time to polish up on their game. They probably will be heard from however, before the series ends.

The winner of the match will be given a silver trophy by the Jacksonville Journal-Courier company, while second place winner will be given a box of cigars by Judge W. E. Thomson and D. S. Chapman.

Referees of last night's matches were: Clyde Landreth, Ernest May, Marion Woods and Frank Bracewell. Ralph Cline was the scorer.

Among those who attended the matches from out of the city were: Alderman S. H. Scott, of White Hall, manager of the Greene county team; T. M. Whitlock, of Manchester, manager of the Scott County team; Sam Montgomery of Virginia, manager of the Cass county team; William Sewell, Ashland; James Sewell, Virginia; James Kinney, Franklin; C. S. Heaton, Chester; Alfred and Mike Stone, Manchester.

BEARDSTOWN WOMAN DIES

Funeral Services To Be Held Tuesday Afternoon At Residence

Beardstown, April 15.—Mrs. Sophia Henschen, a resident of this city for forty years, who also lived in the same house for forty years, at 717 Jefferson street, passed away Saturday afternoon at 5 o'clock after a short illness. Death was attributed to heart trouble. She was born on April 23, 1854 near Arenzville and at the time of her death was 75 years, 11 months and 20 days of age.

On February 21, 1881, she was united in marriage with A. Henschen of Arenzville who for many years conducted a confectionery on State street. He died in 1921.

She is survived by one son, Herschel, one daughter, Mrs. Ed. Looman, both of Beardstown and two grandchildren, Richard Henschen, Beardstown, and Mrs. Gertrude Dehmer-Aye of Santa Monica, California. She also leaves one brother and one sister, Louis Lovekamp of Arenzville, and Mrs. Louise Egert of Cewar, Nebraska.

She was a member of St. John's Lutheran church. Funeral services will be held at the late home Tuesday afternoon, with Rev. Edwin Sommer, officiating.

ELECT AT BLUFFS

Bluffs, April 15.—Gus Albers and E. C. Thorne were elected members of the school board of the Bluffs Community High school at the election held on Saturday afternoon. They defeated P. A. Lanford and Floyd Hiernan. The votes cast were: Albers, 571; Thorne, 479; Lanford, 259; and Hiernan, 234.

Also at the Murrayville campus in the city Monday was Kenneth Shepard.

WATER PLANT ORDINANCE IS GIVEN READING

Measure Proposing New System In Fire Department Is Laid Over

Evidence that the present city administration will have its affairs well in hand when its final day in office arrives, was given last night at a special meeting of the city council at which an ordinance calling for a special election on the project to rehabilitate the waterworks was given its first reading and laid over until the next regular meeting before a final vote. The ordinance proposing a new system of appointing members to the fire department, by which it is said the fire insurance rates of the city will be lowered, was laid over until the next meeting.

Giving all of the details of the financial arrangements by which the city plans to secure money for the project, and by which the city plans to pay off a \$150,000 bond issue, the ordinance sets the date at June 11, a Tuesday, and the hours between 6 a. m. and 5 p. m. All of the voting places, judges and clerks in use in the city-wide election today will be appointed to serve in the special election according to the election ordinance.

Before voting on the election ordinance, however, the council will hear a report of the committee appointed by Mayor W. A. Wainright to investigate the validity and legality of the petition signed by 1945 persons. The committee, composed of Aldermen Haskin, Williamson, William Devlin and J. U. Day have presented a number of legal angles to the city attorney for opinions.

City Attorney O. N. Foreman, who received the draft of the ordinance from Chapman and Cutler, attorneys for the bond agents, said that the date of the election and names of judges and clerks, and places of election may be changed when the ordinance is brought up for passage.

The council adjourned from the council chamber to the office of the city clerk in order to give over their room to the checker players. The council immediately decided to defer any action on the fireman's qualification ordinance, and heard a report from Justice of Peace Jerry Hawks to the effect that a judgment for \$90.00 against the city in favor of Raymond Hayes had been released. Hayes obtained the judgment when the city council refused to authorize payment of the same for one month as a member of the police force. The council has since changed its mind and ordered the payment made when the city is released from the judgment.

FLYNN'S MARK WEDDING DATE

Many Relatives And Friends Honor Mr. And Mrs. John Flynn

On Sunday, April 14, several hundred relatives and friends gathered at the home of Mr. and Mrs. John Flynn to offer felicitations on the occasion of their golden wedding anniversary. A special mass was celebrated at 7 o'clock in St. Bartholomew church at Murrayville which was attended by the family and immediate relatives. Reverend D. F. Lydon, who officiated also extended an appropriate congratulatory message. Robert Ryan of Alton and Charles Ryan, Jr., of Jacksonville, grandsons of Mr. and Mrs. Flynn were servers at the mass. Mr. and Mrs. Frank Flynn and daughter Peggy sang Rosewig's "Ave Maria," and "Pater in Coela," by Handel.

At noon a four course dinner was served at the home to about fifty relatives. The tables were beautifully decorated with white waxen tapers and Johanna Hill roses.

An informal reception was held during the hours three to six o'clock at which time Mr. and Mrs. Flynn received numerous guests.

Those present from a distance included Mrs. Nora McEnroe, Mr. and Mrs. A. Muensterjager of East St. Louis; Mr. and Mrs. Henry Ringman and daughter, Mr. and Mrs. James King, M. G. Ryan and family of Alton; Mr. and Mrs. Leo Leiser of Litchfield; Mr. and Mrs. George Sloan, Morrisville; Mr. and Mrs. J. G. Bergsneider, Mrs. W. J. McCarty, Mrs. Bernice Wheeler, Springfield; Mr. and Mrs. Edward J. Flynn, Chicago; Sister Edmund O. P. of Denver, Colorado; Sister Maureen O. P., Springfield; and Mrs. Eugene F. Murphy, Detroit, Michigan.

MRS. EDAN HUNTER OF CASS DIES

Beardstown, April 15.—Mrs. Edan Hunter, 1000 State street, died suddenly early this afternoon while climbing the stairs on the way to the office of Dr. W. D. Pence, dentist. Mrs. Ida Matison, who occupies an office nearby, heard her fall and went to her assistance. A physician was called and she died a few minutes after he arrived. The body was taken to the Cline Funeral Home.

She is survived by her husband, Edan Hunter; two daughters, Edith and Margaret, and one son, Edan, Jr. Funeral services will be held Wednesday afternoon.

CALLED TO MACON

Mrs. Earl Baptist and daughters have returned home from Macon, Illinois, where they were called on account of the serious illness of Mrs. Baptist's father, John Hoag, who suffered a paralytic stroke on Sunday, April 7. Mr. Hoag's condition is somewhat improved.

This was the first time that all of the children of the family have been together since the death of their mother, Mrs. Artie Hoag, on June 3, 1927.

Harry Kumble represented the Alexander community here yesterday.

Students Vow 'No Aid in War'

Proclaiming the stand taken against war by thousands of American students, an enormous poster dominated the meeting held at Columbia University, New York, where Roger Baldwin, noted pacifist, is shown leading the throng in a reading of Oxford pledge, printed on the poster. In a nation-wide protest against conflict, demonstrations were held at many colleges, violence resulting at several of the gatherings.

ABEL L. SCOTT PASSES AWAY AT WINCHESTER

Lifelong Resident Of Scott County Dies; Other News Notes

Winchester, April 15.—Abe L. Scott, 74, passed away at his residence here Monday night at 10 o'clock. Mr. Scott's death followed an extended illness.

Mr. Scott was a lifelong resident of Winchester. He is survived by his widow and one son, Orie Scott and three sisters, Mrs. Charles Townsend, Mrs. George Cook of Holdenville, Okla., and Mrs. Nellie Sawyer of Roundhouse. He also leaves one brother, Charles Scott of Colorado Springs.

News Notes

The Home Economics Class in Cooking, under the direction of their instructor, Miss Louise McOmber, gave a demonstration of salads and their proper uses at the General Assembly of the Winchester Woman's Club at the High School auditorium this afternoon.

Mrs. Lois Eckman, President of the Assembly, presided at a brief business session, turned the meeting over to Mrs. Oren Robertson, Chairman of the Household Science Department of the Club, which department was in charge of the program. Mrs. Robertson introduced Miss McOmber who conducted the demonstration furnished by the following members of her class: Misses Jane Ryan, Irene Claywell, Faye Adams, and Catherine McLaughlin.

They prepared and told of the ingredients of a number of different salads and told of their appropriate uses. Miss McOmber answered questions propounded as to the demonstration. Announcements were made of a Benefit Bridge sponsored by the club to be given at the Kiwanis Hall Friday evening, April 26th and of the National Music Week Program to be given by the Music and Drama Department May 6th.

Henry Jackson, Citizens Non-Partisan candidate for city clerk addressed a large and enthusiastic audience last night at the Jefferson school in which he declared that Jacksonville is at three roads on election day, declaring that the two of these roads lead to politics and the third the Citizens ticket leads to the highway of independence for the people here.

Henry Jackson, Citizens Non-Partisan candidate for city clerk addressed a large and enthusiastic audience last night at the Jefferson school in which he declared that Jacksonville is at three roads on election day, declaring that the two of these roads lead to politics and the third the Citizens ticket leads to the highway of independence for the people here.

Announcements were made of a Benefit Bridge sponsored by the club to be given at the Kiwanis Hall Friday evening, April 26th and of the National Music Week Program to be given by the Music and Drama Department May 6th.

THOUSAND AT REPUBLICAN MEETING HERE

Huge Mass Meeting Ends Campaign For Municipal Offices Last Night

Speaking before an audience that crowded the second floor of the Auto Inn last night, Republican leaders of this city lauded the party candidates and predicted success at the polls for the entire ticket today. Nearly a thousand people listened to the addresses and entertainment and cheered the Republican candidates as they were presented.

Hugh Green, member of the state House of Representatives, presided over the meeting. Music was furnished by the Republican quartet and Goers orchestra. Mr. Green first presented the candidates of the entire Republican ticket to the audience, introducing each one by name: Fletcher J. Blackburn for mayor, Robert Keating for City Clerk, Miss Gertrude Hamilton for city treasurer, Ralph Green and John Baptist for aldermen from the first ward; W. H. Cocking and Ben Denny from the second ward; Randolph Little and Franklin Mathews from the third ward, and George Brown and W. W. Wright from the fourth ward.

The first speaker to be introduced was Orville Foreman, city attorney. Mr. Foreman said in part: "It is important that you select capable city officials. Your city government is closest to you, and in Jacksonville spends about \$200,000 annually in money you pay in taxes. Jacksonville has an assessed valuation of \$10,000,000, and you are therefore electing officials for a ten-million-dollar corporation in which you are the stockholders."

In this campaign the Republicans have been accused of conducting a partisan campaign, yet nothing is farther from the truth. On the other hands, the Democrats tell that we should vote to uphold the hands of the president of the United States. How can the decision in this small city affect the president or his program? Is it not the most partisan politics to demand that even a little city vote Democratic merely to uphold the president?

"Every candidate on the Republican ticket deserves your support. Robert Keating is a young man who has worked hard to qualify himself for the type of work he must do as city clerk. He is sincere in his most honest administration. His Hamilton has already shown the people what it means to keep accurate records in the city treasurer's office. She has demonstrated the importance of correctly handling special assessments. Fletcher Blackburn, our candidate for mayor, stands on his record, having served the people four years as sheriff. During his term of office he was not criticized."

Carl Robinson spoke. The next speaker on the program was Attorney Carl E. Robinson. He said in part: "I believe the people of this community are not interested in political machines, but simply want honest, understanding men and women to administer the affairs of the city. Every person on the ticket measures up to these qualifications. Each has integrity, ability and experience. It is easy enough to find fault and to pick flaws. But the people know the character of the candidates; they can be trusted to form correct judgments, and they will go to the polls and vote for the people who are best qualified for the offices they seek. I am not afraid to leave the people we are offering in this election in the hands of the people of Jacksonville, who are noted for their intelligence, their freedom from wrong influences and their love of good government."

The final speaker on the program was Judge H. P. Samuel, who gave an emphatic endorsement of the Republican candidates and pointed out that the time has come to give the Republican candidates a chance to build a new government. He said in part: "I have always believed that one party should not have all the offices that the government of the nation state, County and city should not be under a single control. By having the different units of government under different parties, we keep a balance and insure real democracy."

"The Democrats have not been satisfied with the nation and the state; they want it all, and they are working to that end. Let us go to the polls tomorrow to vote for the candidates we have seen here tonight and start the rebuilding of a government that shall not be one-sided or out of balance."

"If the city of Jacksonville is turned over to the Democrats and attempts to imitate the national government in handling its budget, it will soon be bankrupt. The Republicans have always stood for a balanced budget and if they are elected Tuesday they will carry out that idea throughout their administration."

Board of Education Names Teachers; List Seniors For Diplomas

Re-elected members of the Board of Education, and the re-elected president, George B. Kendall, organized for the coming year at a meeting held last night at the board's offices, approved tentatively a list of 174 seniors who will receive diplomas, and voted to issue contracts to all members of the present teaching force. President Kendall returned the same members of the board to the same committees on which they served during the past year.

One new member of the faculty was voted a contract. John Payne, who has had five years teaching experience and who has a master's degree from the University of Illinois, was selected to serve as teacher in history and science. Mr. Payne is from Marseilles, Ill.

Although hopes were held that it would be possible to increase the salaries of teachers, members of the board pointed out that it will be one more year at least before the heaviest part of the debt burden will be removed.

The board canvassed the vote in the election Saturday, and announced that the president was re-elected, and that S. N. Clark, S. Foley and Hayden Walker were returned to the board for three year terms.

The following teachers were offered contracts:
